

Medical Necessity Certification Statement Non-Emergency Ambulance Services

SECTION I – GENERAL INFORMATION

Patient's Name: _____ Date of Birth: _____

Transport Date: _____ Physician Name: _____

Origin: _____ Destination: _____

If hosp to hosp transfer, describe services needed at 2nd facility not available at 1st facility: _____

If hospice pt, is this transport related to pt's terminal illness? YES NO Describe: _____

SECTION II – MEDICAL NECESSITY QUESTIONNAIRE

Ambulance Transportation is medically necessary only if other means of transport are contraindicated or would be potentially harmful to the patient. To meet this requirement, the patient must be either "bed confined" or suffer from a condition such that transport by means other than ambulance is contraindicated by the patient's condition. **The following questions must be answered by the medical professional signing below for this form to be valid:**

1) Describe the MEDICAL CONDITION (physical and/or mental) of this patient AT THE TIME OF AMBULANCE TRANSPORT that requires the patient to be transported in an ambulance and why transport by other means is contraindicated by the patient's condition:

2) Is this patient "bed confined" as defined below? Yes No
To be "bed confined" the patient must satisfy all three of the following conditions: (1) *unable* to get up from bed without Assistance; AND (2) *unable* to ambulate; AND (3) *unable* to sit in a chair or wheelchair

3) Can this patient safely be transported by car or wheelchair van (i.e., seated during transport, without a medical attendant or monitoring)? Yes No

4) **In addition** to completing questions 1-3 above, please check any of the following conditions that apply*:
**Note: supporting documentation for any boxes checked must be maintained in the patient's medical records*

- Contractures Non-healed fractures Patient is confused Patient is comatose Moderate/severe pain on movement
 Danger to self/other IV meds/fluids required Patient is combative Need or possible need for restraints
 DVT requires elevation of a lower extremity Medical attendant required Requires oxygen – unable to self administer
 Special handling/isolation/infection control precautions required Unable to tolerate seated position for time needed to transport
 Hemodynamic monitoring required enroute Unable to sit in a chair or wheelchair due to decubitus ulcers or other wounds
 Cardiac monitoring required enroute Morbid obesity requires additional personnel/equipment to safely handle patient
 Orthopedic device (backboard, halo, pins, traction, brace, wedge, etc.) requiring special handling during transport
 Other (specify) _____

SECTION III – SIGNATURE OF PHYSICIAN OR HEALTHCARE PROFESSIONAL

I certify that the above information is true and correct based on my evaluation of this patient, and represent that the patient requires transport by ambulance and that other forms of transport are contraindicated. I understand that this information will be used by the Centers for Medicare and Medicaid Services (CMS) to support the determination of medical necessity for ambulance services, and I represent that I have personal knowledge of the patient's condition at the time of transport.

Signature of Physician* or Healthcare Professional

Date Signed

Printed Name and Credentials of Physician or Healthcare Professional (MD, DO, RN, etc.)

**Form must be signed only by patient's attending physician for scheduled, repetitive transports. For non-repetitive, unscheduled ambulance transports, if unable to obtain the signature of the attending physician, any of the following may sign (please check appropriate box below):*

- Physician Assistant Clinical Nurse Specialist Registered Nurse Social Worker
 Nurse Practitioner Discharge Planner Licensed Practical Nurse Case Manager
